

Cheyenne Condensing Hydronic Boilers

Provided the boiler is installed, commissioned, controlled, operated, and maintained in accordance with the Installation, Operation and Maintenance Manual, Superior Boiler Technologies ("Superior") provides the following limited warranty:

LIFETIME THERMAL SHOCK WARRANTY

The pressure vessel is warranted for the lifetime of the boiler against defects in materials and/or workmanship that result in leakage determined by Superior to have been caused by thermal shock (defined as abrupt, rapid heating and/or cooling). If so determined, Superior will repair or replace, exchange or credit, at its sole discretion, the pressure vessel, FOB factory.

TEN (10) YEAR PRESSURE VESSEL WARRANTY

The pressure vessel is warranted for ten (10) years from the date of shipment from the factory against failures determined by Superior to be the result of defective materials, workmanship, or heat exchanger fireside flue gas condensate corrosion (when firing on natural gas, propane, or ultra-low sulfur (ULS) #2 fuel oil with <15 ppm sulfur). If so determined, Superior will repair, replace, exchange or credit, at its sole discretion, the pressure vessel, FOB factory. Waterside corrosion or scaling is not covered. Fireside corrosion due to contaminated combustion air or fuel, or fuel with ≥ 15 ppm sulfur is not covered. Failures outside of the ASME pressure vessel boundary are not covered.

PARTS WARRANTY

Other boiler parts are warranted against workmanship or material defects for eighteen (18) months from shipment from the factory or twelve (12) months from start up, whichever comes first. Superior will repair or replace, at its sole discretion, FOB factory. Defective parts must be returned to Superior for evaluation and warranty credit consideration in accordance with the Returned Materials Authorization policy. This warranty does not cover loose ancillary equipment and accessories shipped with the boiler such as communication gateways, lead-lag sequencing control devices, regulators, pumps, or motorized isolation valves. This warranty does not cover consumables or wear items such as gaskets, o-rings, fuses, oxygen sensors, electrodes, or filters.

CONDITIONS OF WARRANTY

The warranty is valid for the original installation and original owner only. The boiler must be installed, commissioned, controlled, operated, and maintained in accordance with the *Installation, Operation and Maintenance Manual*. There shall be no modifications, adjustments, or repairs to the equipment not authorized by Superior in writing. There shall be no replacement parts used not manufactured or authorized by Superior in writing.

Superior shall be notified in writing as soon as any defect or failure becomes apparent. Failure to do so may limit Superior's obligations under this warranty or render the warranty invalid in whole or in part. No agent or representative of Superior other than an officer of the company has authority to modify or alter the conditions of warranty. A formal Purchase Order is required prior to shipment of any replacement warranty item. This warranty does not include freight, handling or labor charges.

To the extent not prohibited by law in the state, province, jurisdiction or country of purchase, this warranty and the remedies set forth are exclusive and in lieu of all other warranties, remedies and conditions, whether oral, written, statutory, express or implied, including but not limited to, the implied warranties of merchantability and fitness for a particular purpose. In no event or under any circumstances shall Superior be liable for any consequential, incidental, special, punitive or other indirect damages arising in any way including, but not limited to, loss of profits or business, even if Superior has been advised of the possibility of such damages. Under no circumstances shall Superior's liability exceed the amount paid to Superior for the original equipment.

THIS LIMITED WARRANTY IS GOVERNED BY AND CONSTRUED UNDER THE LAWS OF THE STATE, COUNTRY, JURISDICTION, OR PROVINCE IN WHICH THE PRODUCT WAS ORIGINALLY PURCHASED. THE LIMITED WARRANTY TERMS CONTAINED IN THIS STATEMENT, EXCEPT TO THE EXTENT LAWFULLY PERMITTED, DO NOT EXCLUDE, RESTRICT, OR MODIFY BUT ARE IN ADDITION TO THE MANDATORY STATUTORY RIGHTS APPLICABLE TO THE SALE OF THIS PRODUCT TO THE PURCHASER. OUTSIDE THE UNITED STATES AND TO THE EXTENT SUCH WARRANTIES, TERMS AND CONDITIONS CANNOT BE DISCLAIMED AND ARE PERMITTED BY APPLICABLE LAW, SUPERIOR LIMITS THE DURATION AND REMEDIES OF SUCH WARRANTIES AND CONDITIONS TO EIGHTEEN (18) MONTHS OF SHIPMENT FROM THE FACTORY OR TWELVE (12) MONTHS FROM STARTUP, WHICHEVER COMES FIRST. THIS LIMITED WARRANTY GIVES THE PURCHASER SPECIFIC LEGAL RIGHTS, AND THE PURCHASER MAY HAVE OTHER LEGAL RIGHTS, WHICH MAY VARY BY STATE, COUNTRY, JURISDICTION, OR PROVINCE.

There are no express or implied warranties which extend beyond those contained herein. NOTE: All new boilers must be boiled out or Superior Boiler will void the warranty. NOTE: WARRANTY VALIDATION: Field start-up report must be complete, dated, signed and returned to Superior Boiler Technologies, Inc. Attn: Sales Department within 15 days of start-up to validate warranty.
